The Twelve Days of Software

A fun office party group sing-a-long!

sung to the tune of
The Twelve Days of Christmas

lyrics and presentation by
Kurt W. Leucht (http://www.leucht.com)

1

On the first day of software,
my PM gave to me ...

a schedule I cannot keep.

2

On the second day of software,
my PM gave to me ...

two tight budgets,

and a schedule I cannot keep.

3

On the third day of software,
my PM gave to me ...

three new bugs,

two tight budgets,

and a schedule I cannot keep.

4

On the fourth day of software,
my PM gave to me ...

four design docs,

three new bugs,

two tight budgets,

and a schedule I cannot keep.

5

On the fifth day of software,
my PM gave to me ...

# fiiiiiiiiiive IDEs!

eclipse

Visual Studio®

NetBeans

Vim

Xcode

four design docs,

three new bugs,

two tight budgets,

and a schedule I cannot keep.

6

On the sixth day of software,
my PM gave to me ...

six CM check-ins,

Check-in ? Check-out

fiiiiiiiiiive IDEs!

eclipse

Visual Studio®

NetBeans

Vim

Xcode

four design docs,

three new bugs,

two tight budgets,

and a schedule I cannot keep.

7

On the seventh day of software,
my PM gave to me ...

seven tests a-failing,

six CM check-ins,

Check-in ? Check-out

fiiiiiiiiiive IDEs!

eclipse

Visual Studio®

NetBeans

Vim

Xcode

four design docs,

three new bugs,

two tight budgets,

and a schedule I cannot keep.

8

On the eighth day of software,
my PM gave to me ...

eight drives a-crashing,

seven tests a-failing,

six CM check-ins,

Check-in ? Check-out

fiiiiiiiiiive IDEs!

eclipse

Visual Studio®

NetBeans

Vim
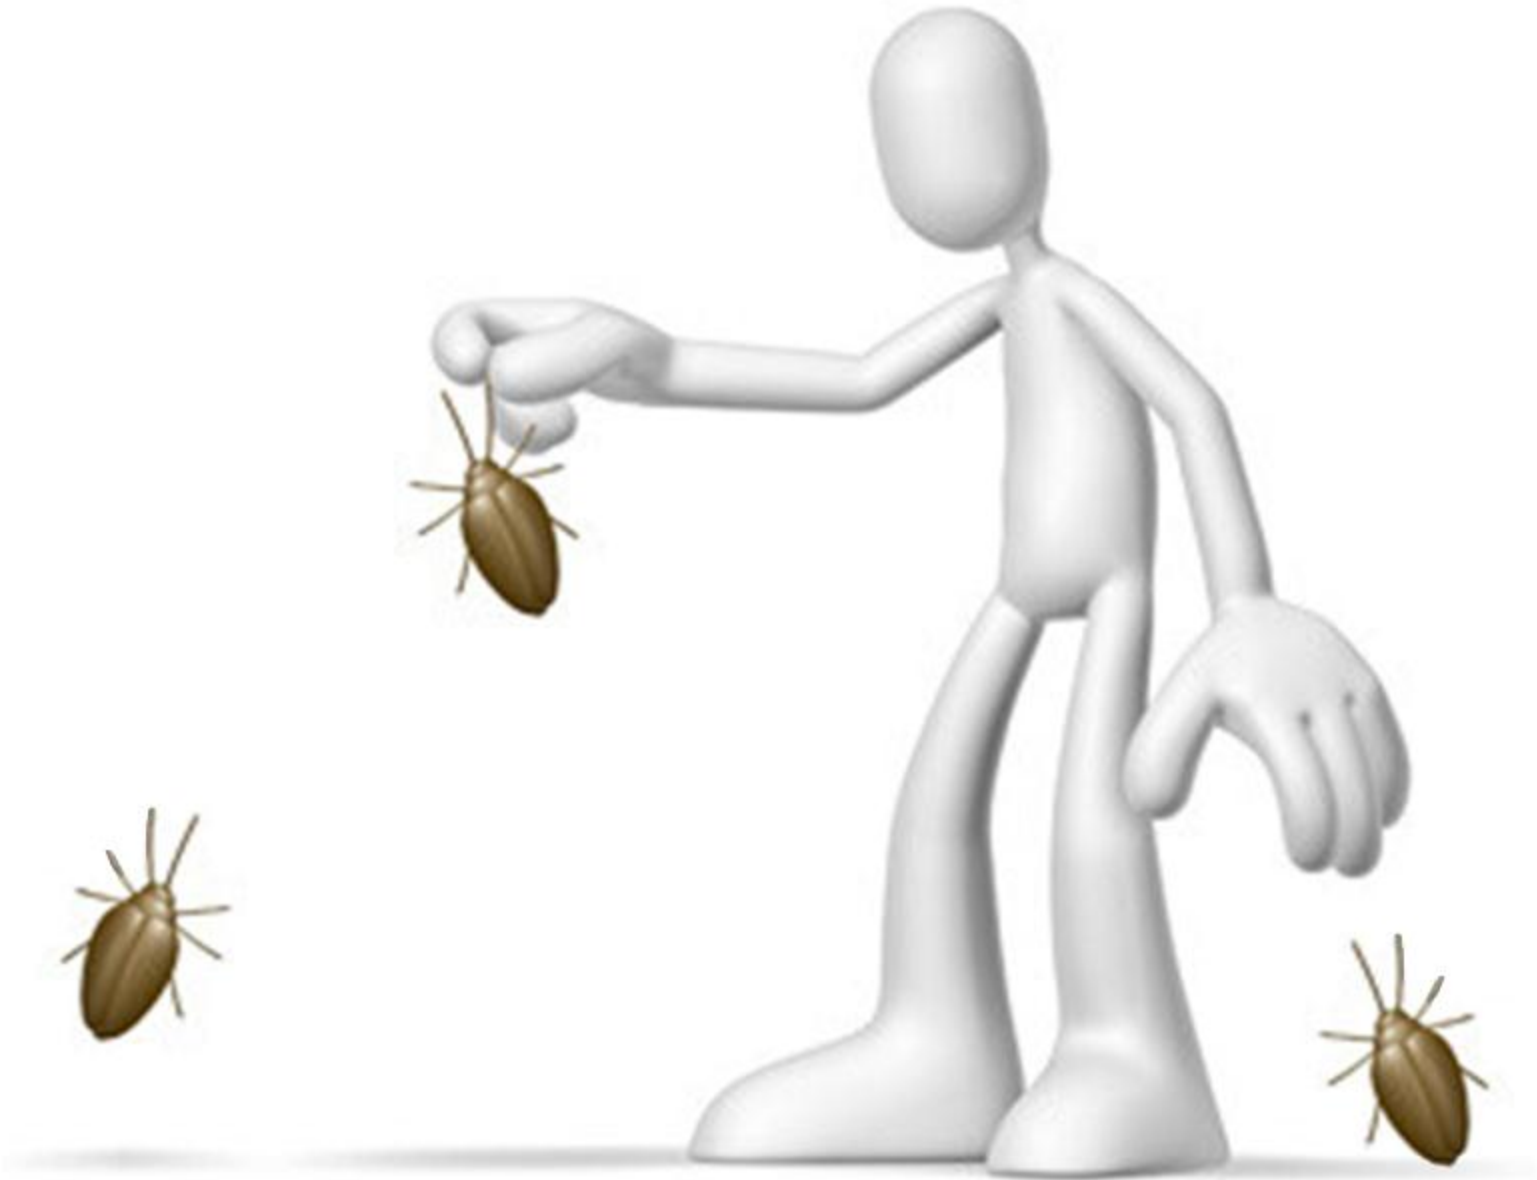

Xcode

four design docs,

three new bugs,

two tight budgets,

and a schedule I cannot keep.

9

**On the ninth day of software,
my PM gave to me ...**

nine static checkers,

eight drives a-crashing,
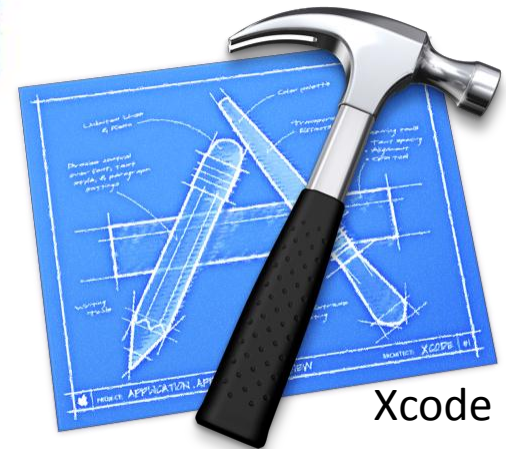

seven tests a-failing,

six CM check-ins,

fiiiiiiiiiive IDEs!

eclipse

Visual Studio®

NetBeans

Vim

Xcode

four design docs,

three new bugs,

two tight budgets,

and a schedule I cannot keep.

10

On the tenth day of software,
my PM gave to me ...

ten chiefs a-nagging,

nine static checkers,

eight drives a-crashing,

seven tests a-failing,

six CM check-ins,

Check-in ❓ Check-out

fiiiiiiiiiive IDEs!

eclipse

Visual Studio®

NetBeans

Vim
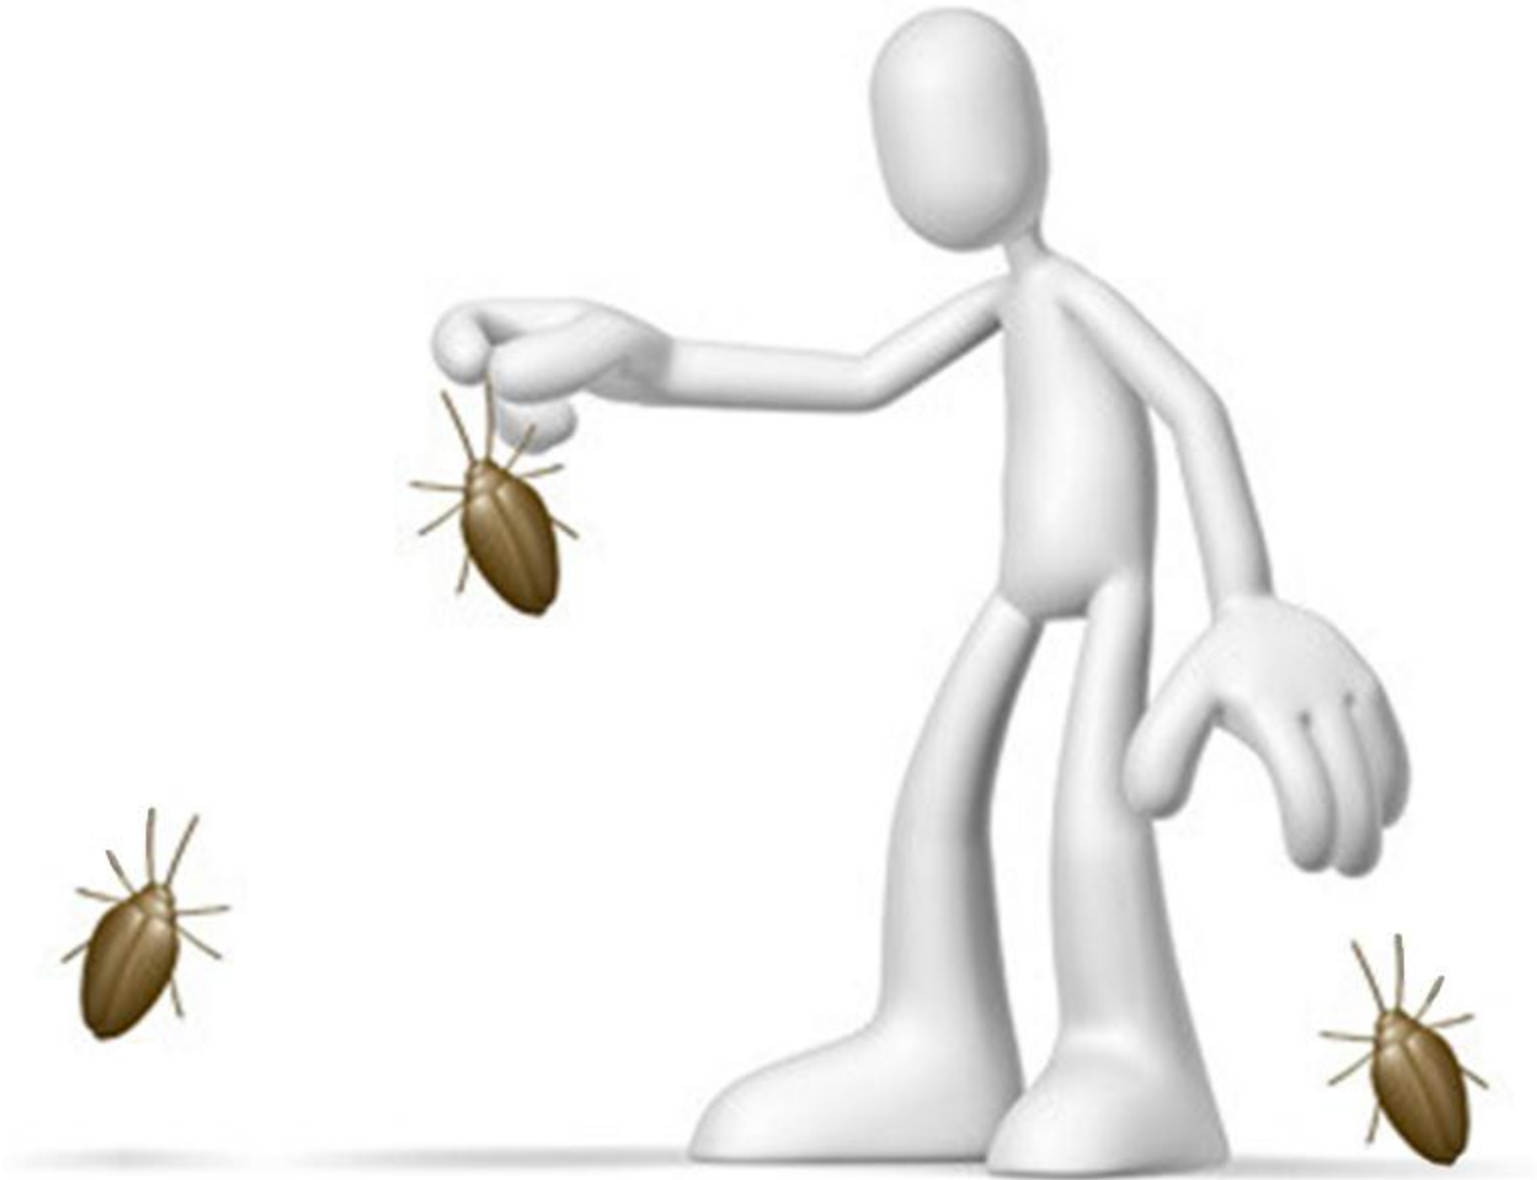

Xcode

four design docs,

three new bugs,

two tight budgets,

and a schedule I cannot keep.

11

On the eleventh day of software,
my PM gave to me ...

eleven testers testing,

ten chiefs a-nagging,

nine static checkers,

eight drives a-crashing,

seven tests a-failing,

six CM check-ins,

Check-in ? Check-out

fiiiiiiiiiive IDEs!

Eclipse

Visual Studio®

NetBeans

Vim
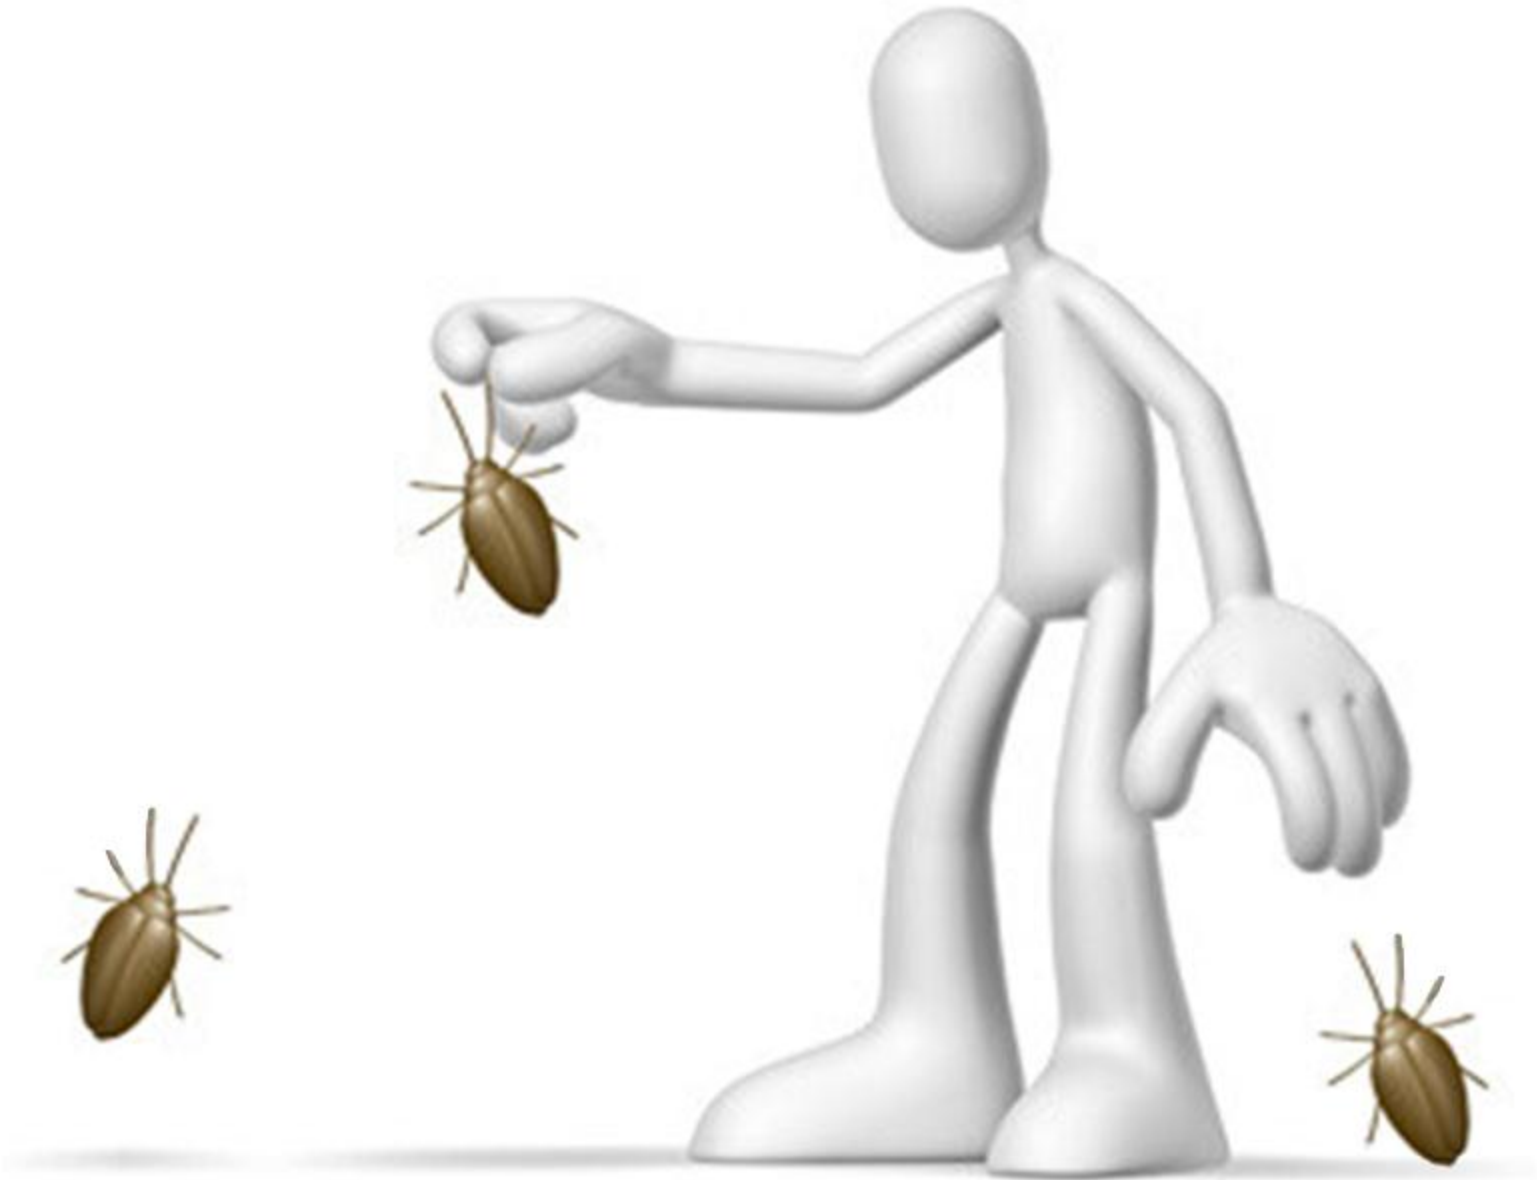

Xcode

four design docs,

three new bugs,

two tight budgets,

and a schedule I cannot keep.

12

On the twelfth day of software,
my PM gave to me ...

twelve coders coding,

eleven testers testing,

ten chiefs a-nagging,

# nine static checkers,

eight drives a-crashing,
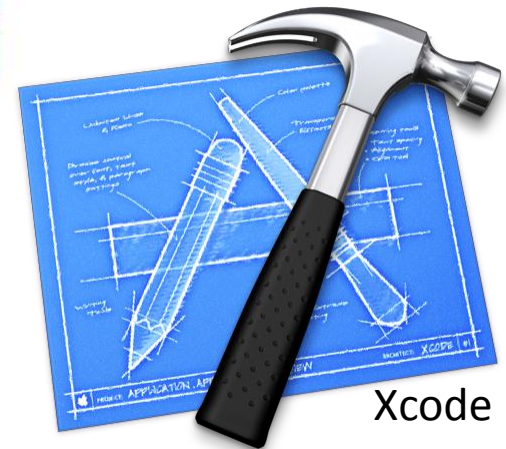

seven tests a-failing,

six CM check-ins,

Check-in ? Check-out

fiiiiiiiiive IDEs!

eclipse

Visual Studio®

NetBeans

Vim

Xcode

four design docs,

three new bugs,

two tight budgets,

and a schedule I cannot keep!!!!!

Merry Christmas!

Merry Christmas!

Merry Christmas!

Merry Christmas!
